

## **CASE STUDY** (032-H-E) **Hotel, Greece**

**Desalination Systems 540 m<sup>3</sup>/day**

**DATE OF IMPLEMENTATION**  
2018

### **PROJECT**

TEMAK S.A. installed and set in operation a Desalination Plant with a capacity of 540 m<sup>3</sup> / day at a five (5) stars Hotel in Evia. Given the high standards and requirements of the hotel, TEMAK S.A. has worthily responded to the implementation of this demanding project.

The shortage and heavy brackish water quality of the well available to the hotel forced the installation of a Sea Water Treatment system to meet the water needs.

Since 1980, TEMAK has been at the side of Tourism sector and covering their needs with reliability and consistency, having a full range of certified water treatment products.

Thanks to the systems manufacture in Greece and the high expertise of its specialized staff, TEMAK is able to offer total water treatment solutions, from study and design to manufacture and installation of required systems.

The 750.000 m<sup>3</sup>/day of clean potable water or water for general uses, produced daily from TEMAK's installed systems in Greece and 26 abroad countries, constitute the proof of our experience and know-how in water treatment.
